

Now available... eKEY® for Android™

Join thousands of real estate professionals who save time by using Supra's eKEY software on their smartphone. Use your Android phone to retrieve listing keys from iBoxes™ and receive real-time notifications when your properties are shown.

The eKEY software is available for smartphones with Android OS 2.1 and greater, iPhone, BlackBerry®, Windows Mobile®, and Palm® smartphones.

How to Open iBoxes with eKEY for Android

- 1 Obtain an eKEY Basic subscription from your Association/MLS and a Supra eKEY Fob to open iBoxes.*
- 2 The eKEY Fob will add infrared capability to your Android.
- 3 Enter your PIN in the eKEY software and then point the eKEY fob at the iBox.

eKEY Fob is very easy to set up, much like a Bluetooth® headset.

* Check with your Association/MLS for pricing and availability on the eKEY Fob. Also available from Supra.

eKEY Basic Service:

- eKEY updates itself using your smartphone's data service.
- Beam specific showing notes, listing highlights and your business card into your iBoxes.
- Change your own shackle codes.
- Set showing hours as you take a listing. Separate hours for weekdays, Saturday, Sunday.
- Track your iBox inventory by MLS ID, address, and keybox number.
- Transmit wireless buyer's feedback to showing agent.

eKEY Fob Details:

- 1.27" W x 3.16" L x .8" thick
- 1.8 ounce
- Bluetooth to infrared converter
- Powered by 2 "AAA" batteries
- Setup is similar to a Bluetooth headset
