

May 19-22, 2015

Cloud Streams Week with RMLS™

Cloud Streams and **Cloud CMA** are the easy way to look awesome in front of clients and prospects.

By using data straight from your MLS, reports and listing alerts are always up to date.

Attend one of the live events below to learn how these simple tools can transform your real estate business.

Start writing more offers and winning more listings today with Cloud CMA and Cloud Streams!

Introducing

- The newest listing alert tool for your Buyers and Prospects.
- Blends data from your MLS with neighborhood information from top websites
- Send clients text listing updates as soon as new properties get added to the MLS
- Keep track of the properties your clients like, dislike, and comment on in real time
- Plus, alerts are branded to you!

Plus NEW features

- FREE Lead Generating “What’s Your Home Worth” Landing Pages
- Lead Generating Facebook and Twitter content
- iPad® Buyer Tours
- Add your ratings and reviews from Zillow and RealSatisfied to reports
- iPad/Tablet Listing and Buyers Presentations
